November 2023

European School Education Platform

Do you want an easy way to stay up-to-date about the latest in school education? Are you keen to know about school education policies linked with your daily classroom practice? The <u>Insights section</u> contains bite-sized articles in 29 languages, browsable by content type, topics, key competencies, and many other features. New content is published regularly, including articles on innovative practices, videos, teaching materials, tutorials, and more. Discover it for yourself!

Special announcement

The time has come to close the old platform, School Education Gateway. It will be permanently closed on 30 November 2023. All the content and services can be found at the **European School Education Platform**, and we welcome all old and new users – to stay updated, develop professionally, and keep networking with other school education stakeholders.

In focus

Assessment

The changing landscape of assessment practices requires <u>empowering teachers</u> to adopt new methods and consider the <u>student voice</u> for fairer evaluation. Ongoing training and communication is also needed to address potential <u>resistance from</u> <u>teachers or parents</u>. Through its recommendations, the new <u>policy guide</u> aims to make assessment more inclusive and better integrated into everyday teaching practice.

Learn more about <u>different assessment methods</u> and discover projects to promote <u>innovative</u> <u>assessment practices</u>. For example, <u>artificial</u> <u>intelligence (AI)</u> may offer interesting alternatives to traditional assessment methods – to know more about AI and assessment, browse the <u>online course</u> <u>materials</u> and watch a recent <u>webinar recording</u>. Dive deeper into the topic with our <u>selection of</u> <u>publications</u>.

Latest content

- Practice video: <u>Boosting learner autonomy and collective teacher</u> <u>development</u>
- Publication: <u>Teachers' and school heads' salaries and allowances in</u>
